

**WESTERN
HEARING
SERVICES**

& TINNITUS MANAGEMENT

Ever considered relocating? We can assist with costs. Western Hearing Services is seeking a dynamic and enthusiastic Audiologist to join our team. Western Hearing Services has been servicing the West Australian population for the last 24 years.

- 8 permanent clinics appointed with the latest diagnostic equipment
- On-site technicians to significantly reduce turn around times and provide excellent support to the Audiological team
- Clinician autonomy, allowing you to offer your clients real choice
- Variety in case loads including: hearing aid assessments (private and OHS), Tinnitus Retraining Therapy and central auditory processing assessments and Paediatrics (if qualified in these areas)
- What we consider to be the best clerical and support staff in Australia, allowing you to focus your time on audiological issues

An attractive salary package will be offered to the successful applicant. Minimum Qualifications: Diploma/Master of Audiology, thereby being eligible for full membership of the ASA. OHS accreditation is essential.
